Employees	Leavers	Attrition rate	High performer attrition

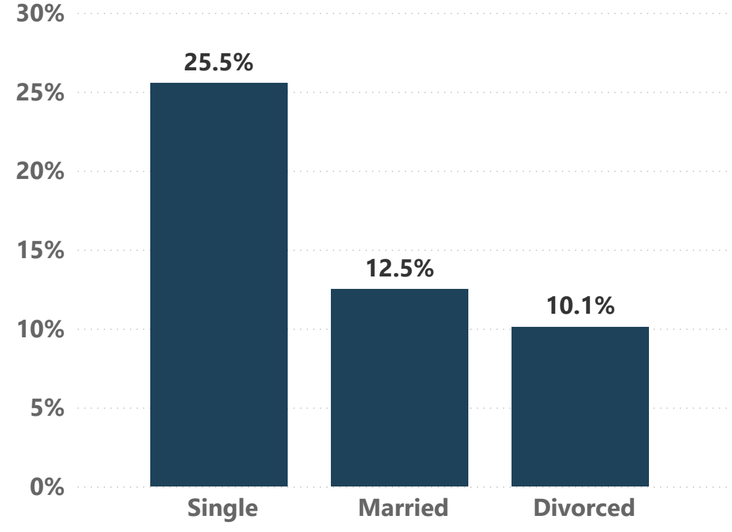

Which department loses most

Which age group loses the most employees

Does attrition differ by marital status

Key findings (all employees)

- Overall attrition is 16.1% (237 of 1,470 employees).
- Ages 18-29 leave at 27.9%: 22% of employees but 38% of leavers.
- Single employees leave at 25.5%, and the gap holds within the 18-29 group

Department Breakdown

Department	Employees	Leavers	Attrition rate	High performer leavers	High performer attrition	Share of leavers
R&D	961	133	13.8%	26	16.7%	56.1%
Sales	446	92	20.6%	10	16.4%	38.8%
HR	63	12	19.0%	1	11.1%	5.1%
Total	**1,470**	**237**	**16.1%**	**37**	**16.4%**	**100.0%**

Note: HR has only 63 employees (1 high performer leaver), so its rates are based on very small groups and should be read with caution.
